01 LOCAL-FIRST PLANNER · AI ASSISTED

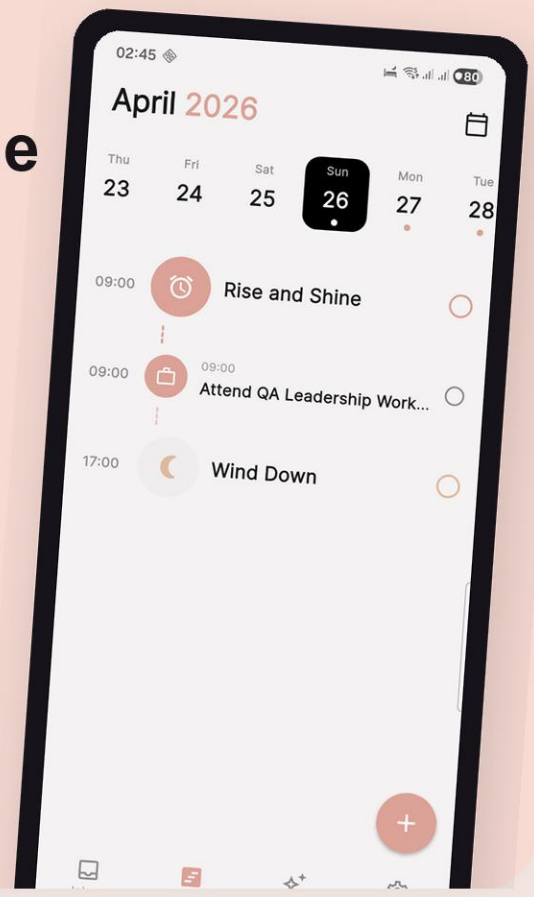
01 Planner

A calm daily OS — your timeline, your goals, your own AI.

01

Your day, on one timeline

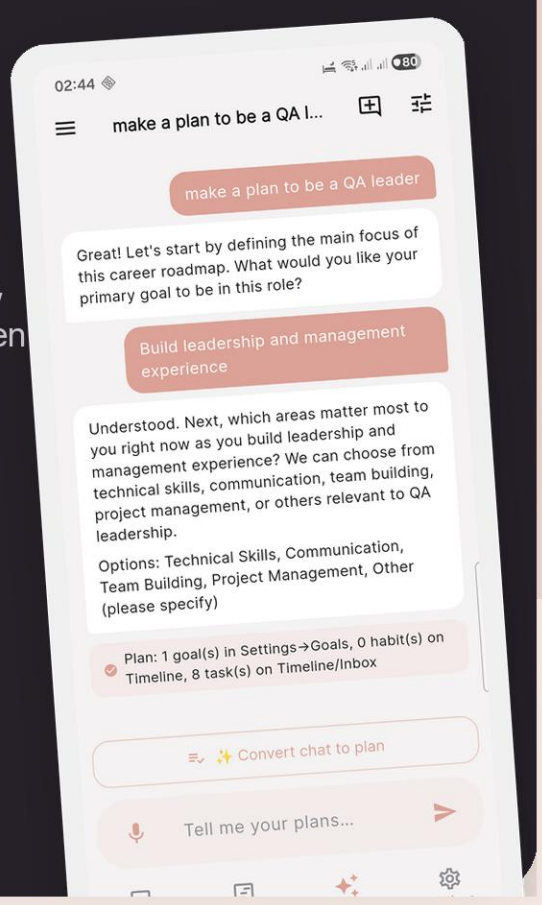
Minute-by-minute clarity with anchors, tasks, and events stacked in order.



02

Chat, then auto-plan

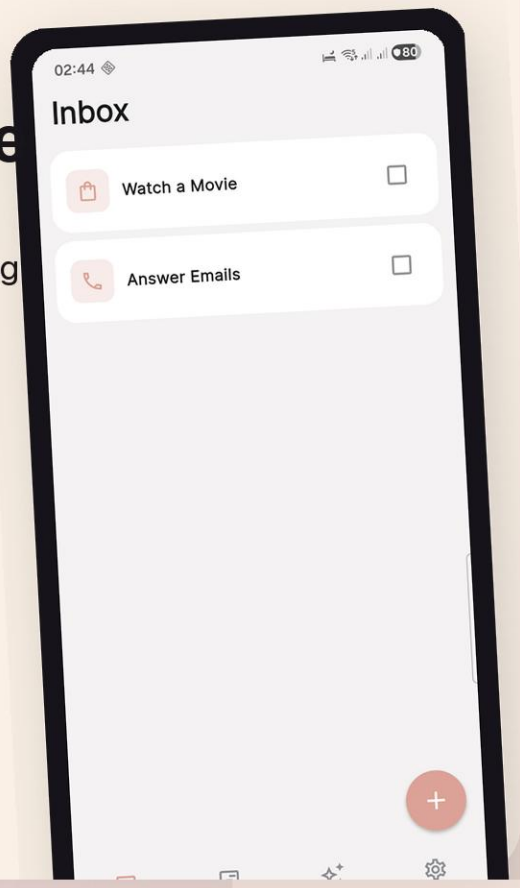
Ask the assistant to draft goals, habits and tasks — preview, then commit.



03

Capture before it's gone

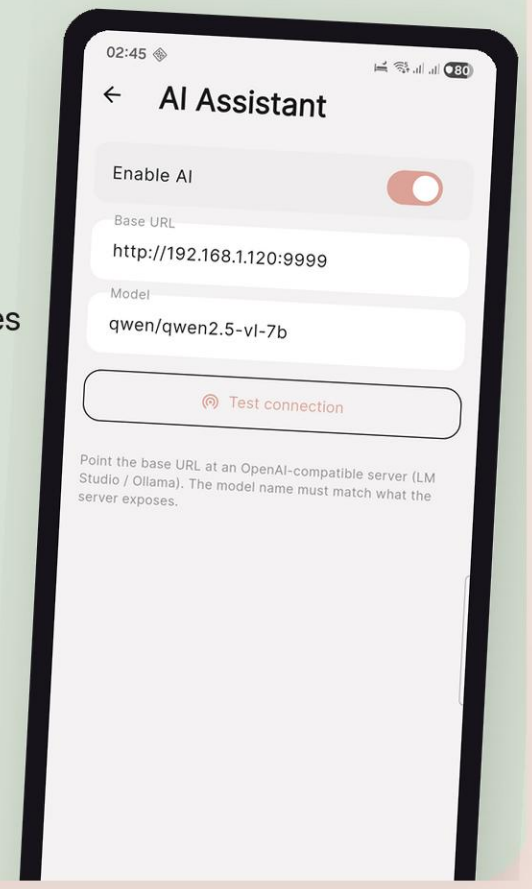
A frictionless inbox for everything that pops up — triage when you're ready.



04

Runs on your local LLM

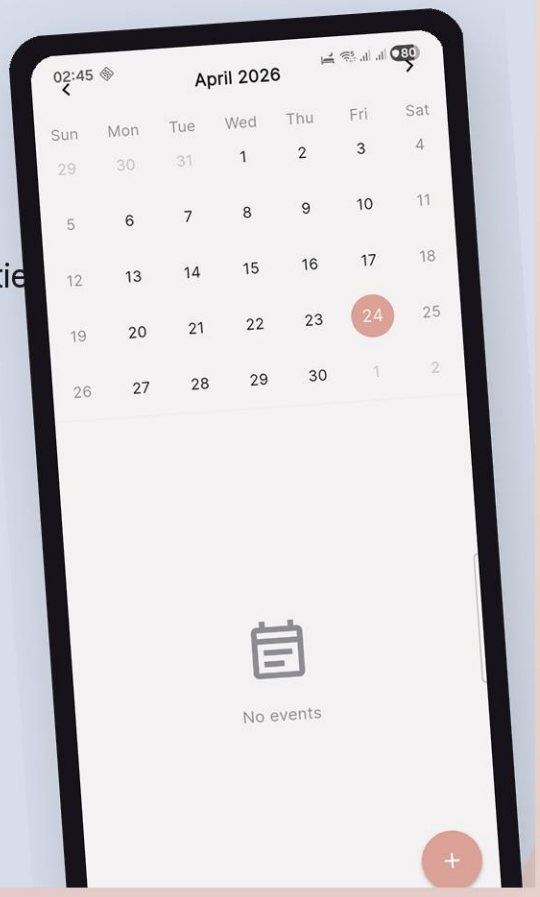
Point it at LM Studio or Ollama. No cloud, no keys, no data leaves your device.



05

Month at a glance

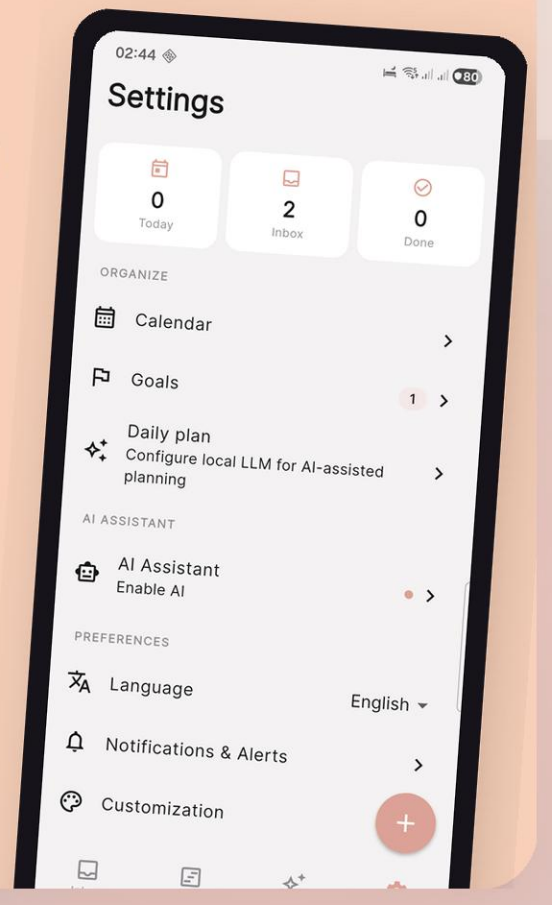
Jump across the calendar and tie goals, habits and daily plans together.



06

Stats & customization

Theme it. Translate it. Bilingual English / Arabic with RTL support.



Flutter · Hive · OpenAI-compatible local LLM · Bilingual EN / AR
